

Future Wonder is a Design and Build agency specializing in UX / UI design, software development and architecture, testing, cloud infrastructure, vendor management, and security. We specialize in fintech, and work with informed IT clients as well as those who need coaching through application design and development to achieve their business aims. Our business is based in Bloomington Indiana, our remote team is based across the US, and we provide services to businesses in the Mid-West and beyond.

## Job Description

We are hiring a **Senior Developer** to join our consultancy team. You will collaborate with our design team to interpret client requirements, and work with the project management and development teams to build them out. You will help guide and mentor other developers and interns across different tech stacks depending on the project and the client. Our consultants are paid an hourly rate, and we provide a Bloomington Dimension Mill membership for local developers.

## Education

A Bachelor's degree, Associate's degree and / or code bootcamp training.

## Requirements

- 8+ years of experience in application development
- Expertise in core JavaScript, and at least one JavaScript framework like React, Angular or Vue
- Experience with Python (core Python, Flask, Django), PHP or Rails
- Experience in JVM or dotnet based languages
- Experience working with relational databases like Postgres and MySQL
- Experience working with Docker and cloud platforms like AWS
- Self-starter with a focus on software quality
- Authorization to work in the U.S. with at least 2 solid references

## Desirable Skills

- Fintech experience
- Experience working with modern and legacy backend APIs
- Comfortable working with designs and enhancing web interfaces
- Experience with Continuous Integration (e.g. GitHub Actions, Jenkins) and automated testing
- A fun-loving attitude when it comes to development and teamwork!

## Location

We are located in Bloomington, Indiana at The Mill [www.dimensionmill.org](http://www.dimensionmill.org). We offer a fully remote working environment for candidates with excellent communication skills and a solid work ethic.

## To Apply

Please apply with a cover letter and resume to [jobs@futurewonder.com](mailto:jobs@futurewonder.com).
